Brittany  
Sits on the  
subway,  
bored

She goes  
onto her  
phone  
and opens  
the app  
"Boredom"

It gives her  
a simple prompt

Once

she finishes  
that prompt,

She

selects

next for  
another prompt

Before  
she even  
knows it

her  
commade  
is over!

She enjoys  
the app so  
much she  
uses it anywhere

a few  
minutes here  
a few  
hours  
there

She shares it with  
all of her friends!

# Karough-lynnne Storyboard

Liam Diaz

There is not much to do in Karough-lynnne's home city so she spends her time playing Solitaire.

Unfortunately, you can only play a game so much before it becomes boring.

She tried playing other card games,

but didn't have too much luck.

Luckily, Karough-lynnne found the Boredom App™.

Now she plays games without the cards.

Title Lily Storyboard

Dawson Johnson

Lily manages marketing at a popular mobile game development studio

However, working here means Lily often has some down time

And since Lily has ADHD, boredom can be a bit difficult to manage

Not to fear, because Lily heard about a new app from her boss

This app allows her to cure her seemingly endless boredom

Browse facts, activities, games, compete with friends and more!!

Tze-Chen Lin,Storyboard

Grace is a physic PhD student at Upenn. She is from Taiwan, and this is her first year living in Pennsylvania.

Everyday, when she's done with research, she felt bored. So she download the *Boring app*

She starts to make new friends who shares same interest.

She starts to learn new talents by excahnging talents with others

She has a better time management now. waking up earlier and became more efficient on research.

She is living a happy and fulfilling life now ! Thank you, Boring APP!!
